About Me
Visual storyteller. Quiet observer. Warm connector.

I'm Sok Eng, a portrait photographer drawn to the subtle interplay between emotion and light.

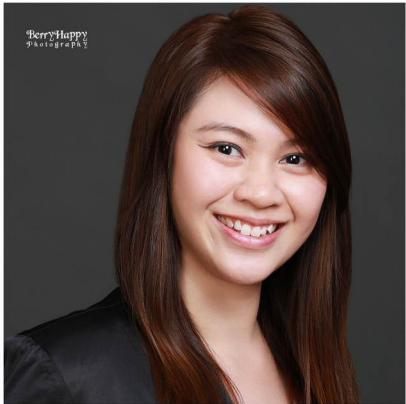

My work spans across generations, from families to fashion icons,
but the heart of my practice remains the same, my focus is always on people.

I believe a photographer's best value is to create from within. Beyond just a polished frame — a child's spontaneous laughter, the quiet strength in a mother's eyes, a fleeting celebration of life — that moment of our shared humanity is its truest and most lasting value.

I create a natural and relaxed atmosphere for you to express your character,
and to shine through in your images.

With a business degree and a visual eloquence, I didn't follow the usual creative path.
But photography found me, and I've been capturing stories ever since.

Time to take a new Picture for renewal of Passport and IC photos. Visited Sok Eng at BerryHappy Photography and had a great time there. She was totally professional and made me feel relax and happy and the pictures were beautifully. Although it was just a photo shoot for passport application, I felt like I went for some glamour makeover session. She even helped to match the blouses and scarf that were camera friendly !! Sok Eng patiently selected the best of the endless pictures she took and did such a great photo edit ! She is fun to be with and that is a photographer I would appoint for important events that involves family and young children. Will definitely be back to her studio again to capture my other memorable moments and milestones in life ! Thank you Sok Eng !

Much belated review, had our pre wedding and actual day photoshoot end of 2020. Very good experience and service which we liked very much because we are allowed to be ourselves and went to places we chose and pose the way we like and Sok Eng will just frame us in the best possible light. We enjoyed the shoot and we highly recommend for any couple who prefer natural takes over scripted and overly-commercialised shoots.

Sok Eng is very professional and making it enjoyable for my business partner and I throughout the entire Photoshoot. We really appreciate her advice, i.e. having adequate rest, suggested bearing, to obtain the best effect for our Corporate Photos. Her swift action to our adhoc requests is noteworthy and we wish her continued success!

I'll be happy when...

We convince ourselves that life will be better after we get married, have a baby, then another.

Then we are frustrated that the kids aren't old enough and we'll be more content when they are.

After that, we're frustrated that we have teenagers to deal with.

We will certainly be happy when they are out of that stage.

We tell ourselves that our life will be complete when our spouse gets his or her act together, when we get a nicer car, when we are able to go on a nice vacation or when we retire.

*The truth is there's no better time to be happy than right now. If not now, when?
Your life will always be filled with challenges.*

It's best to admit this to yourself and decide to be happy anyway.

Alfred D Souza said, "For a long time it had seemed to me that life was about to begin - real life.

But there was always some obstacle in the way, something to be gotten through first, some unfinished business, time still to be served, a debt to be paid. Then life would begin.

At last it dawned on me that these obstacles were my life."

This perspective has helped me to see that there is no way to happiness.

Happiness is the way.

So, treasure every moment that you have and treasure it more because you shared it with someone special, special enough to spend your time with ... and remember that time waits for no one.

So, STOP WAITING !!

Until your car or home is paid off.

Until you get a new car or home.

Until your kids leave the house.

Until you go back to school.

Until you finish school.

Until you lose 10 lbs.

Until you gain 10 lbs.

Until you get married.

Until you get a divorce.

Until you have kids.

Until you retire.

Until summer.

Until spring.

Until winter.

Until fall.

Until you die.

There is no better time than right now to be happy.

Happiness is a journey, not a destination.

So work like you don't need money,

love like you've never been hurt,

and, dance like no one's watching.
